

# CASCADE

Centre for Alternative System for Children  
Aiding Development Experientially

...where  
**Child-centred  
Learning**  
happens.

“ Education is the experience which helps your child to capitalize on her potential. CASCADE works carefully to make available such formative and constructive experience that will help your child in becoming a 'thinking' 'doing' individual. ”

**Progressive, forward thinking families with children 2½ years to 6½ years are welcome to admit their children to CASCADE.**

## **LEARNING AT CASCADE**

In a mixed age group set up, children are engaged purposefully in a variety of activities by AMI certified Pre-primary (3-6) and Elementary (6-9) teachers who guide the classroom through materials and experiments. Classes are conducted with flexible timings for children to attend sessions 4 to 5 times a week. To further accentuate the learning, interesting follow up work and home projects are assigned to the children.

## **Parents Involvement**

Parents can also participate in study groups on child psychology, and Montessori philosophy in education, besides learn good practices in parenting and childcare. They can also have firsthand knowledge and role in their child's education with the required tools and resources through our centre.

## **Parent and Infant child programme**

CASCADE offers Montessori toddler environment to initiate Montessori philosophy and meaningful activities in creative spaces for infants and toddlers at home. Facility is available for 2 hours, thrice a week. Children below 2 years can come in with a parent and enjoy exploring our interesting space, while parents have the opportunity of learning more about the philosophy and positive parenting.

## **Course structure for Pre-primary students**

For the Absorbent mind- Practical life; Sensorial; Mathematics; Culture which includes- Basics of Life sciences and physical sciences; Basics of History and Geography

## **Course Structure for Elementary students**

Mathematics; Geometry; English Language; Tamil (as second language now, but other Indian languages to be offered partnering with interested parents); History; Geography; Physics and Chemistry in the context of Geography and Biology. Besides Academics, children have regular classes in Natural dye Printing, Weaving, Art and craft, Culinary and baking, Pottery, Tailoring and Embroidery; Team games and sports; Story telling and theatre.

**“BOOK BUFFET - our library of 10000 books – fiction and reference will give children a range of research topics, language building arenas and elongated satiating hours of work. ”**

“Going out on educative trips, life skills, dedicated sports sessions, art, music, dance and drama will be intertwined during this period of education which could last for 8 to 10 years with us. ”

CASCADE awaits children for a journey through our Montessori programme and later on into Open school (NIOS) exams along with other equivalent International exams for school completion.

Interested parents please mail your interest to: [relieffoundationindia@gmail.com](mailto:relieffoundationindia@gmail.com) or you can call 91 94444 49644

Limited seats to maintain student-adult guide ratio 1:10. Registration, membership and session charges will be treated as donation and would contribute towards our projects for underprivileged children.

CASCADE works under the aegis of Relief Foundation
