

Nurturing Empowered Children

The art and science of raising children

CASCADE

Centre for Alternative System for Children
Aiding Development Experientially

These sessions are conducted for a group of 40 to 50 participants. These sessions can be conducted in Tamil or English in specific groups.

Each parent has to understand the needs of children from the child's side and accordingly alter perspectives and behaviour that will help improve the happiness index in the family.

With these key objectives Mrs. Vidya Shankar conducts modules to transform parent from a noun to a verb.

Modules include

Family matrix on temperaments
Attachment cycle from the child's side
Matching Behaviour with intent
Windows into the child's mind- nutrition for the growing intellect
Education for the genius inside- following the child

Format of modules
